THE MONK'S MAKEOVER

SHORT, BACK & HIDES

CLOSE SHAVE
Gerry Hutch
yesterday and,
left, with beard
after release

GERRY Hutch has shed his long hair and beard as he prepares to flee Ireland and escape the Kinahan wrath.

Our exclusive photos show The Monk returned to his clean-shaven, short-haired look a day after his murder acquittal over the

Regency Hotel shooting. The 60-year-old had spent the night in Dublin and there is a visible increase in Garda patrols around his home in Clontarf.

Detectives fear a female Kinahan member is determined to reopen the feud.

One source said: "She just wants blood."
